

LANDEN JACKSON

Operations & Commercial Growth Strategist • Systems & Unit-Economic Operator

Tallahassee, FL • (850) 459-9148 • jacksonlanden3986@gmail.com • linkedin.com/in/landenjackson • consultant-studio.app

EXECUTIVE PROFILE

Systems-driven multi-unit operator and commercial strategist specializing in frontline unit economics, floor throughput engineering, and zero-overhead workflow automation. Track record of unlocking gross margin capacity, eliminating peak-service labor bottlenecks, and protecting 100% full-price realization without discounting. Developer of client-side diagnostic systems that model P&Ls, 13-week cash flows, and operating variance in real time.

CORE COMPETENCIES

- **Operations & Throughput:** Line & Expo Velocity, Labor Schedule Calibration, Peak Turn Rate, Kitchen Workflow Re-sequencing
- **Financial & Margin Defense:** COGS & Prime Cost Reduction, Zero-Discount Yield Management, Menu Engineering, Inventory Controls
- **Systems & Software:** Client-Side Financial Diagnostics, 13-Week Cash Flow Models, POS Real-Time Telemetry, MS Excel (Advanced)

OPERATIONAL VENTURES & SYSTEMS DEVELOPMENT

Consultant Studio — Tallahassee, FL

Founder & Lead Product Architect | 2026 – Present

- Engineered a zero-infrastructure browser financial diagnostic engine delivering 13-week cash flow projections, P&L modeling, and variance analytics directly in client memory at \$0.00/month recurring compute overhead.
- Built automated client-side parsing pipelines converting complex financial records and POS logs into MSO-compliant workbooks (.xlsx), executive memos (.docx), and board decks (.pptx) with zero data privacy exposure.
- Architected dynamic margin and prime cost diagnostic tools deployed across independent service operators to identify labor bleed and waste leakage within <3 minutes of data ingest.

PROFESSIONAL EXPERIENCE

Ma's Diner — Tallahassee, FL

Marketing & Operations Growth Specialist | Apr 2025 – Present

- Engineered shift-level expo handoff protocols and line-sequencing, cutting average ticket times by 90 seconds and unlocking +\$2,200 in gross sales per peak service (+12% throughput lift).
- Recovered \$35,000 in annualized gross margin (4.2% COGS reduction) by implementing shift-level waste logging and strict portioning recalibration across 3 critical dayparts.
- Scaled weekday customer volume by 25% across an 8-week targeted local trade-area campaign while defending 100% full-price realization with zero margin-eroding discounts.
- Audited trade-area dining density and competitor pricing arrays, executing hyper-targeted local capture to build a 5% repeat baseline from ground zero.

Walk-On's Sports Bistreaux — Tallahassee, FL

Operations & Shift Coordinator | Jun 2021 – Feb 2025

- Recalibrated closing procedures and station breakdown sequences, recovering 22 minutes of idle labor per shift (\$18,000 annual margin capture) and reallocating capacity to prep for high-volume lunch rushes.
- Designed a modular kitchen cross-training matrix that condensed line-cook onboarding from 14 shifts to 8 while sustaining 98% order accuracy across \$8,000+ peak game-day services.
- Directed floor throughput and concurrent dual-channel fulfillment (in-venue floor seating and 10–60 simultaneous delivery orders) during max-capacity events with 0% fulfillment error rates.
- Standardized station operating checklists and opening/closing handovers across 15+ frontline staff, reducing shift transition friction and communication errors by 50%.

EDUCATION & CREDENTIALS

Florida State University — Tallahassee, FL

Bachelor of Science in Marketing | May 2024 – Jul 2026

- Empirical Academic Research: Co-authored study on consumer trust dynamics and institutional decision-making structures ($p < .001$).
- Certifications & Honors: Advanced Microsoft Excel Certified • Google AI Professional Certificate • Eagle Scout (Boy Scouts of America)
- Tallahassee State College: Associate of Arts (Dean's List 3x Honors Recognition)
